Notice

Tractors on which the excise taxes are not paid by April 1st will be taxed.

Dog licenses are due January 1, 1966. If collected a charge of \$2.00 will be made to pay the cost of collecting. Rev. Statutes, P. L. 155, Ch. 100, Sec. 14, amended.

Under the Revised Statutes of 1954, Chapter 22, Section 52, if a person resides in the State of Maine and wishes to vote here, he must license his car here. He may also have to license it in another state but he still has to license it in Maine.

Important

ALL TAXPAYERS SHOULD READ THE FOLLOWING REQUIREMENTS AND COMPLY WITH THEM

Chapter 92, Section 36, of the Revised Statutes of Maine, 1954, requires the Assessors to give notice to bring in lists of taxable property; if no lists are brought in, NO CLAIM FOR ABATEMENT.

"Before making an assessment, the assessors shall give seasonable notice in writing to the inhabitants by posting notifications in some public place in town, or shall notify them in such other way as the town directs, to make and bring in to them true and perfect lists of their polls and all their estates real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner after such notice, or any non-resident owner after being reasonably requested thereto by the assessors, does not bring in such a list, he is thereby barred of his right to make application to the assessors or the county commissioners for an abatement on his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer."

In accord with the above, all resident and non-resident taxpayers are hereby requested to bring into the assessors true and perfect lists of their polls and all of their estates, real and personal, as of April 1, 1966. The mailing of this copy of the town report to non-resident taxpayers will be considered a reasonable request as required by the law.

The polls of all persons who have attained the age of 70 years are now exempt under Chapter 91A, Section 10, Revised Statutes of Maine, 1954.

Annual Report Of Public Health Nursing Services

WATERFORD—1965

On a community level your public health nurse attempts to interpret agencies, policies to groups and individuals and explain what services are available to the community through various sources. In working with Town Officials and the local Health Officer it is possible to promote new programs that will improve the health status of individuals. Examples of specific programs are the diabetic detection clinic and a group to study the needs of mentally retarded children which has already been started.

In the school health program, your public health nurse works with the Superintendent of Schools, teachers and physicians to plan for physical examinations, urinalysis, immunization programs, and see that they are carried out and the data is recorded on the individual school health record. Consultation is given to teachers and school personnel on emotional and health problems. Home visits are made to discuss findings and medical recommendations arising from school health programs, to offer suggestions, and to help the family make their own plans to obtain corrections of defects.

Your public health nurse works with families in their homes to guide them toward better physical and emotional health by teaching good health practices, proper nutrition and helping them to a better understanding of their problems. If illness occurs the family is urged to have medical advice for an early diagnosis and treatment. The family is assisted in carrying out doctor's orders, and if bedside care is needed a demonstration is given to the person caring for the patient. Follow-up visits are made to clinic patients when indicated by medical recommendations.

Statistical information regarding community activities and completed immunizations for the town of Waterford follows:

Home Visits:	Numbers
Individual families	75
Infant	5
Preschool	32
School	72
Adult	11
School Health Services:	
Physical examinations	43
Urinalysis (including twenty-four adults and seven preschool)	137
Intradermal tuberculin skin tests	31
Audimeter tests for hearing	75
Immunizations completed:	
Diphtheria	49
Tetanus	49
Poliomyelitis vaccinations	24
Smallpox vaccinations	40

Your public health nurse wishes to take this opportunity to express sincere appreciation to everyone who has been so generous with assistance to the public health nursing program.

Respectfully submitted,
RUTH M. CHOATE, R. N.
Public Health Nurse

FINANCIAL REPORT

The citizens of Waterford voted to join School Administrative District 17, and Waterford was accepted by the citizens of Norway and Paris—the two towns which then comprised School Administrative District 17. Oxford and West Paris also joined at the same time.

On November 19, 1965, the merger became effective after approval by the State Board of Education. The following financial statement reflects the transactions from January 1, 1965, to November 19, 1965.

Forest Department

By request of the State Forestry Department, this is to notify all residents, both seasonal and year round, of the town of Waterford that all people with an incinerator must have a permit for its use during the months when there is no snow upon the ground. These permits may be obtained from your local fire chiefs or town wardens.

Also a permit must be obtained for burning of all slash or debris of any kind during this same period of time. These permits may be obtained only from your wardens who are: Chief Warden, Lawrence Herrick, North Waterford; Deputies, William Andrews, North Waterford and Walter W. Hamlin, South Waterford.

Following is a copy of incinerator permit:

STATE OF MAINE—FORESTRY DEPARTMENT INCINERATOR APPROVAL

This incinerator is used for disposal of: ☐ Household rubbish
Other (specify)
Description of location

Conditions for approval:

Incinerator is located in the middle of a circle at least ten feet in diameter, cleared to mineral soil. ☐ Yes ☐ No

Incinerator will be maintained with solid sides, except draft holes near bottom not exceeding one inch in diameter.

☐ Yes ☐ No

Incinerator top completely covered at all times when burning with one half inch or smaller wire mesh. ☐ Yes ☐ No

Incinerator will be loaded in a manner to prevent any escape of materials between wire mesh and container top.

☐ Yes ☐ No

I will not burn pressurized cans nor leave fire unattended.
I understand negligence which results in an unauthorized fire
from this incinerator renders me liable for fire suppression
costs.

This is a true statement to the best of my knowledge and belief.

Approved: Date:

Fire Chief, Town Forest Fire Warden, Forest Ranger

YOU ARE URGED TO BURN AFTER 5 P. M.

Form F-19

Any person, firm or corporation who shall willfully or negligently cause a fire which burns forest, brush, grass or other lands or shall willfully fail to take reasonable action to control a fire on his own land shall be liable civilly up to a maximum of \$500 of the suppression costs to the State or municipality which aids in suppressing the same.

For those using power equipment in the forest lands.

No equipment for producing power shall be operated in, through or near forest lands unless it is provided with approved and efficient spark arresters designed to prevent the escape of sparks, carbon deposits or other substances likely to cause fires. The operator of equipment not provided with such a spark arrester or having such a spark arrester which is not in effective operating condition shall be punished by a fine of not more than \$100 or by imprisonment for not more than 30 days, or by both.

Audit

January 17, 1966

Board of Selectmen
Town of Waterford
Waterford, Maine

Gentlemen:

In accordance with your request the records of the Town of Waterford have been audited for the fiscal year ended December 31, 1965.

Audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the results of the financial operations of the Town for the period designated. Recommendations are also offered which are believed to be worthy of consideration.

Respectfully submitted,

HAROLD L. JORDAN
Auditor

Comments

TOWN OF WATERFORD

Year Ending December 31, 1965

An Audit of the financial records of the Town of Waterford has been completed for the fiscal year ended December 31, 1965. The Audit consisted of an examination of the records maintained by Town Officers.

RESULTS

The Audit cost could be cut to a minimum by the following:

1. The Selectmen's accounts should be in balance before the time of the Audit.
2. Proof of treasurer's cash balance at the closing date. This must agree with the ledger balance reflected by the Selectmen's accounts. If the bank reconciliation proves or agrees with Selectmen's account, it is a measure of proof of the accuracy of cash.
3. If Selectmen have prepared a correct trial balance of the Selectmen's records, have ensured that the treasurer's cash balance agrees with the balance shown by trial balance, and the Tax Collector's settlement is correct—in that the uncollected list agrees with the pertinent ledger balance in the trial balance, then you have made real progress in minimizing Audit cost.

Selectmen should use an abatement book when issuing abatements to collector. Selectmen should check warrants before signing same. Tax Collector should use a new sheet for each deposit with Treasurer. Also list his discounts on a sheet so treasurer could list discount at the time the treasurer's receipt is issued.

The Excise Tax Collector should check the Bureau of Taxation on figuring extra equipment on trucks, and should ask for bill of sale on new cars and house trailers before figuring excise tax amounts. The town has lost a considerable amount of excise tax income this last year, due to incorrect charges. All \$1.00 fees on excise tax transfers should be collected. Also excise tax collector should deposit with the treasurer more regularly as per statutory requirement. It was found that \$634.10 has not been deposited on excise taxes at the start of the Audit.

The Treasurer should not mix town money and personal money together. Town money should be kept completely separate. The treasurer should not write checks without authorization from Selectmen on a warrant. The treasurer should issue treasurer receipts for cash income only. The treasurer should deposit trust and special funds in trust and special account, not the town checking account. The treasurer should deposit within 10 days, or as soon as he has \$100.00 in his possession. (Section 45 Part 3 Large sums of town money should be deposited and not kept at home.)

SCOPE OF AUDIT

The system of internal control was reviewed pertaining to the handling of cash and other matters of financial concern. Balance of the bank statement was made by Ncrway National Bank and records verified to determine the accuracy of recording cash transaction.

Cash Account showed a deficiency of \$634.10 in excise tax money and \$1,279.46 in General Cash, making a total of \$1,913.56.

Deposited by Treasurer to correct deficiency.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payroll, and canceled checks were examined. Excise tax collection was verified complete, by examination of copies of receipts retained by the collector.

Trust and special fund transactions were reviewed and investments verified. Surety Bond coverage was examined.
